Just good work, done well.

WHAT YOU'LL ACTUALLY BE DOING

- Working **from home**, with **field visits in physician offices**
- Managing Michigan Auto No-Fault cases from start to finish
- Coordinating care with physicians, therapy providers, attorneys, and carriers
- Producing **clean, litigation-ready documentation**
- Maintaining **25–30 billable hours per week** (yes, that's realistic)
- Using your judgment — because we hired you for a reason

This is not a desk-only role, and it's definitely not entry-level.

YOU'LL FEEL RIGHT AT HOME IF YOU:

- Have **3+ years of Michigan Auto No-Fault experience**
- Can run your caseload without hand-holding
- Know the difference between "busy" and "effective"
- Take documentation seriously
- Want autonomy **without being left unsupported**

Backgrounds may include RN, OT, SLP, LMSW/LCSW, CCM — or seasoned Auto No-Fault Case Managers who've been in the trenches and know the system.

If you're new to No-Fault or need constant direction, this isn't your seat.
If you're confident, capable, and professional — welcome.

LET'S TALK MONEY & PERKS (THE GOOD STUFF)

- **$75,000 base salary**
- **Performance bonuses**
- **Company vehicle**
- **401(k) with employer match**
- **Unlimited PTO** (used like an adult)
- **Vacation coverage** by a team that supports you
